INTRODUCTION

This Index contains mainly listings of people, places and events; there are no references to the ferns seen during meetings.

For ease of use the Index has been set up in categories to break down and identify the many varied activities that take place at meetings, which are often wider than the general headings might suggest.

Page references are shown in the form Volume number(Part number):Page number.

In the *Field Meetings* and *Gardens and Nurseries* sections a **bold** reference indicates a National Meeting. In the *People* section bold type is used to draw attention to an article that includes a photograph.

Volumes 6 and 7 were numbered as follows:-

Vol. 6: 2002 - 6(1); 2003 - 6(2); 2004 - 6(3); 2005 - 6(4); 2006 - 6(5); 2007 - 6(6).

Vol. 7: 2008 - 7(1); 2009 - 7(2); 2010 - 7(3); 2011 - 7(4); 2012 - 7(5); 2013 - 7(6).
